

To Whom It May Concern:

I would like to take this opportunity to tell about my experiences with K-LOVE radio. I have been very blessed by this radio station on many occasions (at work, in my car, at home). The music that K-LOVE plays is very uplifting and wholesome and modern. I am definitely blessed by this station and would miss it very much if was no longer available in my community.

I also feel that the absence of the K-LOVE station would be very much felt by the community that this radio station impacts. I know that many people are blessed by this station and the uplifting music that it plays every day. I feel that this station and the music it plays help to make this community a more positive, compassionate, generous, and alert place to live.

One real neat thing about K-LOVE is the 800 number they offer to listeners (1800525LOVE). I think this is very beneficial because people from the community can call in and ask for prayer when they're going through a crisis situation in their life. I know that suicide is a problem among young adults in this country, and K-LOVE provides support to people who are going through difficult times in their life. A prayer is very powerful, and K-LOVE's phone line makes it possible for people to call in and receive prayer. If this radio station just saves one life from ending prematurely, it is worth keeping it on the air.

I thank you for the opportunity to share how K-LOVE has benefited my life, how I believe K-LOVE positively impacts the Sacramento community, and why it should not be displaced by an LPFM broadcaster that would provide other programming. Thank you again for your time and thoughtful consideration of this matter.

Sincerely,  
Naomi Ennis
